DISTRICT CONTROL OVER DRIVER OF FEDERAL TRUCK, ISSUE IN CASE

Attorney General Daugherty has asked United States Attorney Gordon and James B. Horgan, assistant solicitor of the Department of Agriculture, to appear in the Police Court at the trial of Louis Croson, driver of a government truck, charged with violating the law in failing to have an operator's permit.
Maj. Gordon will contend that a

federal employee, while operating a government vehicle, cannot be required to have a driver's permit, although he must observe the speed laws and the traffic rules.
If the Commissioners can pass a regulation requiring the drivers of government vehicles to have operators' permits they would be in effect passing on the qualifications of federal employees. Maj. Gordon says, because the Commissioners reserve unto themselves the right to revoke such permits and they might take away a driver's license from a man duly appointed to that position under civil service, and thereby require his discharge. No such power to regulate the functions of government employees rests in the municipal authorities. Maj. Gordon declares.
The United States attorney says his contention is supported by two decisions of the United States Supreme Court in similar cases, one arising in Ohio and the other in Maryland. Croson, while driving a truck of the Department of Agriculture, was stopped by a policeman, and when asked to show his permit, had none. He was arrested.

AUTOMOBILE ASSOCIATION WILL MEET IN ST. LOUIS

National Executive Board Changes
Date to May 29-30 From
May 25-26.

St. Louis was selected as the place for the annual meeting of the American Automobile Association yesterday, at a meeting of the national executive board at the Willard Hotel.
The date for the meeting was changed to May 29 and 30, instead of May 25 and 26, because the latter dates would conflict with the meeting of the Dixie Highway Association at Jacksonville, George C. Diehl, national president, was in the chair.
The invitation to the association to visit St. Louis for the annual meeting, was extended by William P. King, president of the St. Louis Auto Club, who was appointed chairman of the annual meeting committee.
Mr. King was also appointed chairman of a committee to investigate and report on ways and means of conducting a national fight against auto thefts. The committee was instructed to take into consideration plans for a national registration of automobiles, and the establishment of a bureau for registration of automobile numbers, which would issue to each owner an abstract of title for his machine.
Henry G. Shirley, chairman of the good roads board of the association, was appointed representative for the A. A. on the brake test committee of the American Engineering Standards committee.

SEEK TO HURRY RECORDS.

Director Forbes of the Veterans' Bureau is asked to expedite the transfer of records having to do with claims of former service men to the regional offices established under the Sweet act, in a resolution introduced by Representative Andrew, republican, Massachusetts.
Only a small portion of the files relating to the claims of veterans has been transferred to the regional offices. Mr. Andrew said the resolution was introduced on the basis of an investigation of conditions at the Boston regional office. Not one-fourth of the records and files having to do with New England claimants have been sent there from Washington, he said.

MAJORS LEAVE WAR COLLEGE.

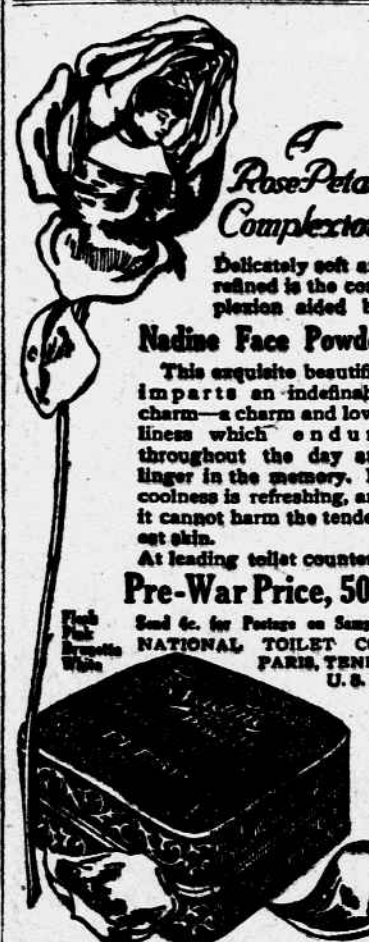

Maj. James B. Taylor and Edmund T. Weisel, Coast Artillery Corps, have been relieved from duty as students at the Army War College, Washington barracks.

The Order of Mike was the name of a secret society organized by farmers in West Virginia and Kentucky just after the close of the civil war to put a stop to horse stealing and other forms of lawlessness.

Headaches

Are Usually Due to Constipation
When you are constipated, there is not enough lubricant produced by your system to keep the bowels moving. Doctors prescribe Nujol because its action is so close to this natural lubricant. Nujol is a lubricant—not a medicine or laxative—so cannot grip. Try it today.
